SAAD ABAINOU

“I really believe there are things nobody would see if I didn’t photograph them.”

– DIANE ARBUS

About me

My name is Saad Abainou and I'm a 20 years old photographer. I've been at this for nearly 3 years now. However, for me, the same probably goes for most of photographers, that I've been playing with cameras since before I fully knew what they do.

upon picking up my first camera, it was love at first click. Or all about my philosophy of photography how it's changed me and stretched me.

About how I've learned to see photography as more than just an art form, but as the art of observation, finding something beautiful in an ordinary place.

Im currently doing my diplomat degree in Ensad Photography.
